Section 25187

The State Department of Toxic Substances Control
(Department) and Los Angeles Department of Water and Power
(Respondent) enter into this Consent Order and agree as
follows:

1. Respondent generates, handles, and stores
hazardous waste at 1630 North Main Street, Los Angeles,
California 90012 (Site).
2. The Department inspected the Site on January 29,
2003.
3. The Department alleges the following violations:
 - 3.1. The Respondent violated Health and Safety
Code, sections 25187, 25188 and 25202 (a), in that on or about

January 29, 2003, Respondent stored hazardous waste without authorization from the Department. Respondent stored PCB contaminated oil in two 10,000-gallon underground tanks for at least 448 days from November 8, 2001 to January 29, 2003. The waste log inventory indicated that Tank #2 contained about 441 gallons of PCB contaminated waste oil while Tank #3 had about 60 gallons of PCB contaminated waste oil. The tanks were not completely emptied, as required in Consent Order, HWCA 01/02 - 3002 dated November 7, 2001.

4. A dispute exists regarding the alleged violations.

5. The parties wish to avoid the expense of litigation and to ensure prompt compliance.

6. Jurisdiction exists pursuant to Health and Safety Code section 25187.

7. Respondent waives any right to a hearing in this matter.

8. This Consent Order shall constitute full settlement of the violations alleged above, but does not limit the Department from taking appropriate enforcement action concerning other violations.

SCHEDULE FOR COMPLIANCE

9. Respondent shall comply with the following:

9.1. Effective immediately, Respondent shall not store hazardous waste for over 90 days without authorization from the Department.

9.2. Effective immediately, Respondent shall comply with the Consent Order, HWCA 01/02 - 3002 dated November 7, 2001.

No informal advice, guidance, suggestions, or comments by the Department regarding reports, plans, specifications, schedules, or any other writings by Respondent shall be construed to relieve Respondent of its obligation to obtain such formal approvals as may be required.

10.1. Department Review and Approval: If the Department determines that any report, plan, schedule, or

other document submitted for approval pursuant to this Consent Order fails to comply with the Order or fails to protect public health or safety or the environment, the Department may return the document to Respondent with recommended changes and a date by which Respondent must submit to the Department a revised document incorporating the recommended changes.

result of past, current, or future operations of Respondent, except as provided in this Consent Order. Notwithstanding compliance with the terms of this Consent Order, Respondent may be required to take further actions as are necessary to protect public health or welfare or the environment.

10.5. Site Access: Access to the Site shall be provided at all reasonable times to employees, contractors, and consultants of the Department, and any agency having jurisdiction. Nothing in this Consent Order is intended to limit in any way the right of entry or inspection that any agency may otherwise have by operation of any law. The Department and its authorized representatives may enter and move freely about all property at the Site at all reasonable times for purposes including but not limited to: inspecting records, operating logs, and contracts relating to the Site; reviewing the progress of Respondent in carrying out the terms of this Consent Order; and conducting such tests as the Department may deem necessary. Respondent shall permit such persons to inspect and copy all records, documents, and other writings, including all sampling and monitoring data, in any way pertaining to work undertaken pursuant to this Consent Order.

Respondent shall allow the Department and its authorized representatives to take duplicates of any samples collected by Respondent pursuant to this Consent Order. Respondent shall maintain a central depository of the data, reports, and other documents prepared pursuant to this Consent Order. All such data, reports, and other documents shall be preserved by Respondent for a minimum of six years after the conclusion of all activities under this Consent Order. If the Department requests that some or all of these documents be preserved for a longer period of time, Respondent shall either comply with that request, deliver the documents to the Department, or permit the Department to copy the documents prior to destruction. Respondent shall notify the Department in writing at least six months prior to destroying any documents prepared pursuant to this Consent Order.
